Scam calls are on the increase....

advice to anyone who receives a call of this nature or any unexpected call from a company is to: -

- Do Not engage with the caller, hang up. If you need to contact your bank please wait at least 5-10 minutes for the line to clear before making a call, or clear the line by phoning a friend/family member, or make the call on a different phone to the one you were contacted on.

- Contact your Bank only on a number you know is genuine, such as those found on the rear of your bank card or on a statement or visit your local branch to discuss and seek advice

Talk to your friends and family about any call you receive and ask for their help and advice.

- If you have already given your bank details over the phone or handed your card details to a courier, call your bank straight away - you can reach most UK bank fraud departments by dialling 159.

- After you have contacted your bank, report to Report Fraud [UK's Home for Reporting Cyber Crime & Fraud - Report Fraud](#) or by calling 0300 123 2040 and report to you local police on 101 or via the website.
