

Petrockstowe Parish Council

Apology

During the public session at the Council meeting on 20/07/21, and after much discussion regarding the proposed motor home site, I asked the public to leave while the Councillors discussed the matter. I did this to allow for an open discussion by the Councillors.

It was wrong to have done this and I apologise, if any parishioner who was at the meeting wishes to discuss this matter with me please contact me.
