6. PUBLIC PARTICIPATION SESSION

A member of the public in attendance raised her concern about systems being in place to support vulnerable members of the community. In particular she referred to information-sharing and older residents who live alone and are not on social media. She questioned if it was time for another PACT meeting or something similar that could offer up ideas about setting up a system of contact. .

Cllr Angela Blount said she would ask the library for information on safer neighbourhoods. Cllr Mark Lea said he would contact the community police and ask what services they could offer. Cllr Martyn Bidgood said this could possibly be an event hosted by the Parish Council about crime prevention and community safety. The Parish Clerk agreed to investigate options.

7. MINUTES – *to approve and sign the minutes dated 8th May 2018*

It was proposed by Councillor Phil Jones and seconded by Councillor Giles Greenwood that the in the minutes of 8th May be accepted as a true record. All Agreed. It was **resolved** to accept the minutes

8. MATTERS ARISING

None at this time

9. HIGHWAYS

Mill Lane will be closed on 12th August for one day.

Kemberton Quarters: Following last meeting's discussion on applying for a road safety sign through the Police and Crime Commissioner's Safer Roads Fund, information has been passed around to Councillors about a suitable option to provide a flashing sign advising about the safety of the junction.

It was resolved to investigate this option further.

A site visit was suggested, Cllr Martyn Bidgood and Cllr Phil Jones expressed interest in being in attendance. The idea would be to discuss how a sign could be customised to the junction.

Hall Lane: Cllr Bidgood commented that bits of tarmac are coming off the road on Hall Lane. Cllr Phil Jones commented that the verges are unkempt, impairing visibility.

Field Lane: the road continues to be in a very poor state. Cllr Angela Blount reminded Councillors of an incident where an elderly person nearly came off a mobility scooter because of the depth of the potholes.

10. RENEW

Councillors attended a private meeting with Apley Estate's manager prior to the Parish Council Meeting. Two questions raised were: what options would the Parish Council prefer for removing remaining items from the site, and what does the Council think would be a suitable use for the site?

Cllr Phil Jones advocated contacting Apley Estate to say we would favour one big hit rather than a slow running down, but that as the Parish is not directly affected by the route then the Parish of Grindle and Ryton should be consulted. Angela Blount agreed and said that it would be one day of major disruption and then ended.

It was resolved that the Parish Clerk should write to Apley Estate and say that the general feeling of the Councillor is that it would be preferable to get the move over in one big push. As the Parish is not directly affected by route, the Parish of Grindle and Ryton should be consulted on it. The Parish Council looks forward to being consulted on the future use of the Grindle site.

11. CORRESPONDENCE

Cllr Mark Lea has received correspondence from the West Midlands Ambulance Service thanking him for being a defibrillator guardian and that the trust's existing database is being updated with 'the Circuit', a national database of working defibrillators. It asks that the Parish's defibrillator be registered with it.

It was resolved that Cllr Mark Lea register with the defibrillator database.
Proposed by Cllr Phil Jones and seconded by Cllr Angela Blount.

Shropshire Council has contacted the Parish Council about polling stations and suggested changes. Kemberton Parish polling station is the Village Hall.

Cllr Phil Jones has written to Phillip Dunne M.P about continued disruption from Renew. He stressed he had done this as a Parishioner and hoped the Parish Council did not object (it did not). The response from Mr Dunne was that "the matter has remained unresolved for too long" and the Mr Dunne would write to Shropshire Council on Phil's behalf.

14. SHIFNAL PLACE PLAN

Plans have been published for a proposed new GPs surgery to open in 2021. It would have 11 consulting rooms and space for 55 cars.

The local plan review consultation survey that has been circulated to Parish Councils for comment refers to locations that fall outside of the local area (covering Ironbridge Power Station, Tern Hill near Market Drayton, RAF Cosford and the M54 Junction 3 proposal) so it was felt more appropriate for Councillors to file individual responses if they so wished.

15. TOWN AND PARISH SURVEY 2019

The Police and Crime Commissioner had sent the Parish Council a request to file the Town and Parish Survey 2019. The responses were compiled in the meeting.

Cllr Mark Lea commented on the rise in rural crime, notably fly tipping, trespass and illegal hunting (hare coursing). This response was included in the survey answers.

In the responses, Councillors said that road safety and rural crime were problem areas and that police were doing a fair job in the area but on the whole confidence in the police being able to resolve crime and disorder issues in the area was low.

He had a Proforma Invoice for replacements for £35 with delivery costs and VAT, total £54. **It was resolved** that a cheque should be raised for replacement defibrillator pads.
