

How green can you be this Christmas?

Can you reduce waste?

Shop local

Walk or cycle to your local shops when you can

Food

Avoid pre-packed food when possible

Only buy what you need ...and be inventive with leftovers

Shopping bags

Reuse your shopping bags

Packaging

Avoid buying heavily over packaged gifts

Reuse packaging and cartons when sending and giving gifts

Gifts

Could you wrap gifts by using pretty fabric remnants or perhaps an old scarf?

Cards and gift wrap

Chose plain cards and wrapping paper (i.e. without glitter or metallic foil so they can be recycled)
