Document Section	► South Downs Local Plan: Preferred Options ► Core Policies ► Preferred Approach - Introducing the five Broad Areas of the South Downs National Park ► Preferred Approach - Introducing the five Broad Areas of the South Downs National Park
Comment ID	893
Respondent	Warnford Parish Meeting (Mr Derek Chapman)
Response Date	28 Oct 2015
Current Status	Awaiting Processing
Do you support, object or wish to make comments on this section of the Local Plan?	Support with changes
Comment	It is not easy to determine from the map whether Warnford is considered part of the Scarp Slope or Western Downs Broad Areas. The Parish contains landscape types characteristic of both and it is assumed that the relevant policy would be applied depending on the nature and location of a

proposal. See also our comment on 4.77 etc below

What improvements or changes do you suggest?

We suggest that a more detailed map should be provided
