

## **Weobley & District Bowling Club: Ordering Trousers and Shorts**

Since personal choice, sizes, features and comfort are so important for lower body garments, there is more flexibility than with upper body items. A basic standard in the form of uniform colour and accepted manufacturers for **Trousers** and **Shorts** is laid out, but members are at liberty to select and source their own items directly. Consequently, these are not included in the annual **Club Order** for upper body garments.

After a motion at an AGM and a subsequent a paper vote, the following points are summarised from an email to all members dated 27<sup>th</sup> March 2026:

1. **Colour:** Lower body garments must be **Black**
2. **Manufacturers:** These garments must be made by **Drakes Pride, Henselite** or **Aceit**
3. **Suppliers:** Members may order via any supplier, providing the above criteria are met

To give members time to source new lower body garments that meet these criteria, the following deadlines were set to comply with this new Club Uniform standard:

Club Matches and Finals: 11<sup>th</sup> June 2026

Monday evenings (Australian Pairs) and early rounds of Club Competitions: Start of 2027 Season

Until these dates, presentable Grey lower body garments may still be worn.

After these dates, all lower body uniform should comply with the new standard.

Friday evening competitions may be played in informal wear and do not require club uniform.
