Good morning

Local NHS and care organisations are working together to develop a five year plan for health and care in Norfolk and Waveney. Our plan will set-out how we will deliver the ambitions of the [NHS Long Term Plan](#) and our local priorities.

We want to know what local people and organisations would like to see in our plan. We'd value the input of local councillors, as well as your constituents. To share your ideas, and to see what other people are saying, visit: <https://ingoodhealth.dialogue-app.com/>.

Alternatively, people can complete the attached form and send it back to us.

We'd really appreciate any help you can provide with encouraging people to get involved and share their ideas for improving the health and wellbeing of people living locally. I've attached:

- An article you could use for newsletters
- A flyer
- A paper form if people don't want to / can't take part online

Many thanks

Chris

Making Norfolk and Waveney a healthier place to live

Every day we make choices that affect our own health and wellbeing, and many of us spend time caring for other people too - our partners, children, parents and friends. As a result, we all have lots of experiences of caring for others, and being cared for.

Local NHS and care organisations are working together to develop a five year plan for health and care in Norfolk and Waveney. We need you to turn all your experiences into good ideas about how we can improve the health and wellbeing of people living locally.

[Join our online conversation](#) to share your ideas about how we can make Norfolk and Waveney a healthier place to live, and to see what other people are saying too.

Your ideas might just save a life, so get involved and tell us what you want to see in our five year plan for health and care.
