

Minutes of Winterborne St Martin Parish Council (V1)

Wednesday 25 February 2026

Magna Community Room

Present: Cllrs, Nuttall (Chair), Fitzgerald, Hosford, Hutchings, Walker, Marsh

Apologies: Cllrs Pemberton, Eversden

Democratic Period:

A parishioner presented a "radical solution for prevention of flooding in the village", proposing creation of a bunded lake upstream to regulate Winterbourne water levels.

A similar successful scheme in Highcliffe was referenced.

The land between Martinstown and Winterborne Steepleton was suggested as suitable and potentially profitable (fishing, leisure, hydroelectric).

Cllr Nuttall advised that the Parish Council has limited authority; any such scheme would require Wessex Water, Dorset Council, and landowner consent.

Cllr Nuttall invited the parishioner to join the flood liaison working group with Green Martinstown and Wessex Water.

A parishioner raised concerns about a silted ditch opposite the Brewers pub advising that water from their pump drains into this ditch; if blocked, their property risks flooding.

It is assumed that responsibility is likely split between Dorset Council Highways and the riparian owner.

Cllr. Marsh volunteered to inspect the ditch and liaise with relevant parties.

All Agendas & Minutes can be viewed at www.winterbornestmartin-pc.gov.uk

- Land is manorial waste; a parishioner with manorial rights can claim rights and lease to the council.
- Estimated legal cost: £600–£700.
- Benefits: control over maintenance, tree works, amenity improvements.
- Concerns raised about insurance and liability.

Cllr Marsh asked if nobody owns it then why pay legal costs, why not continue to do maintenance etc as is currently done.

Cllr Nuttall explained that any other parishioner could attempt to claim the land as has happened elsewhere in the village and in his view the Parish Council should be the proper custodian of this area.

No decision taken, general support and councillors to consider options. Cllr Nuttall to bring a formal motion next meeting.

Action: Cllr Nuttall to provide motion for next agenda

b) Update on Willow tree pollarding

Hardy Trees has been appointed to carry out the works. Currently awaiting conservation area consent; work expected mid–late March.

c) Footpath on land east end of village update

Cllr Hosford has been liaising with Dorset Cllr Tarr who has suggested CIL funding. An idea of overall costs needs to be presented before committing to using CIL finds.

A possible extension to the initial proposal should be considered to improve pedestrian safety.

Clerk to check with Highways team for updates.
