

# SOVEREIGN Compliance

Your play equipment is an investment and needs to be maintained to the highest standard in order to prolong its life, value and most importantly safety. For your peace of mind, our Sovereign Compliance Package offer a complete service for the inspection, reporting and essential maintenance of outdoor play equipment. This gives you complete visibility on the status of your equipment, notifying you early on of any concerns before they become larger issues.

# Included Services

## Operational Inspections

Carried out by our RPII (Register of Play Inspectors International) certified inspectors, we will thoroughly assess the condition of your play equipment and the surrounding environment, highlighting any areas of concern. Our inspectors will also review your existing weekly inspection and maintenance records.

## Maintenance

All our Inspectors are also fully trained in repairs and maintenance, meaning where possible minor works will be resolved during your inspections. Works including, but not limited to:

- Replacement of caps
- Tightening of any fixtures & fittings
- Minor repairs
- On a returning visit re-fortification of loose posts

Additionally we can supply a quotation for third party play equipment repairs.

## Reports

After each inspection you will receive a comprehensive report detailing any concerns, along with suggested next steps. We clearly list all of your covered play equipment and with photos highlight our findings. Our reports serve as evidence that you have a complete process in place protecting the safety of children around the equipment.

**Sovereign Compliance has helped us extend the life of our playground, saving us thousands that would have otherwise gone towards refurbishments. Above all, the regimented reports put me at ease for our children's safety.**

# Meet your Inspector

Ensuring safe play is essential – both for the protection of the children using the equipment and to mitigate risk for the councils, schools and organisations in charge of these play areas. By using accredited playground inspectors, you can be sure that you've met the strict criteria set by the RPII and that we've been fully trained to conduct inspections to the required levels of competence.

**Important Information**

**SOVEREIGN**  
playground inspection

Sovereign Design/Play Systems Limited inspectors are accredited to the RPII (Register of Play Inspectors International), and are qualified to carry out operational inspections on your behalf for both: SPS and other manufacturers play equipment.

Optional inspections should be carried out at intervals not exceeding 3 months in unoccupied areas and 6 months in supervised areas.

Surfaces solely accessible in terms of the area covered and its visible condition. We are not responsible for groundworks undertaken and therefore are unable to advise conclusively.

We can only comment on the current condition of the equipment at the time of the inspection.

It is the owner/operator's responsibility to ensure that there is a continuing level of maintenance and that the equipment is good working order and safe for use.

Routine inspections should be carried out daily or weekly depending on usage to ensure that the equipment is in good condition and safe for use. A record to confirm the inspection has been completed and the findings should be kept for the duration of the equipment's life span. Sovereign Design/Play Systems Limited reserves the right to inspect any equipment at any time.
