

Terms of reference for the Working Party for Senior, Vulnerable and Isolated People

Purpose of the Working Party

To identify the needs of senior citizens, and those who are isolated and/or vulnerable because of health or other issues, enabling them to have a voice to influence decisions which could improve their quality of life and involvement in this community.

Terms of Reference:

- To engage with people who would be willing to take part in meeting together to identify different issues which contribute to loneliness and isolation for a number of people living in this community.
- To reach out to the Community Groups currently existing to hear people's views and suggestions as to improve the quality of life for people experiencing difficulties.
- To look at the ways in which information is communicated in this community and examine ways in which this might be improved both online and through other methods.
- To develop links with organisations in the community such as Farnsfield Medical Practice, the Library, the Churches, the Allotments and other groups, especially with a view to developing social networks which could support those who are vulnerable and lonely.
- To advocate for senior citizens, and those who are isolated and/or vulnerable in Council decisions, events and initiatives.
