What's being planned... website? hoedown? festival?

What is the Annual Village Gathering*? The whole village comes together once each year to review how things are going. It's our Village event where we're all welcome to raise issues, make suggestions and put forward our ideas.

Programme: Last July the Parish Plan Team published the Survey Findings Report then held the Action Plan meeting in September. Three new Village Community Groups developed from this, and they are going to share their initial plans with the village!
