'Success is going from failure to failure, without losing your enthusiasm'.

It was either Abraham Lincoln or Winston Churchill or both who are reported to have said that. I like it a lot and keep it next to my desk for when I need it!

I heard recently of someone who at the age of 100 was still running a charity for disadvantaged people. A friend's employees, in a business selling children's toiletries to supermarkets, devoted their lunch times to cycling from the UK to Kenya (on an exercise bike naturally) to raise money for the children of our orphanage (www.bungomacalling.co.uk). I read about someone who registered to help and house a refugee family.

Such people made me reflect on what I'm enthusiastic about, beyond the resurgence of English Rugby or the like!

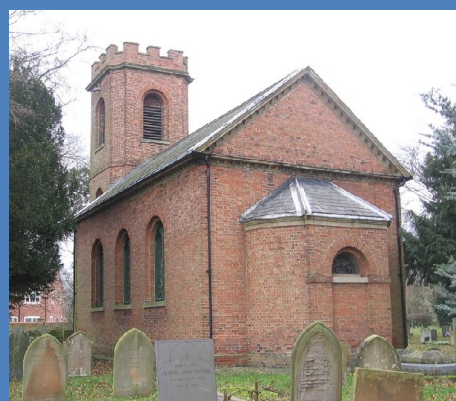

Maybe these examples show a cross over of enthusiasm and compassion, without worrying about the degree of success. An enthusiasm that sustains oneself whilst enhancing the lives of others, however small is already a success.

Is this what the Easter theme of new life can be about? Instead of giving up something for Lent we could adopt a new enthusiasm for life?

What's your enthusiasm?

Margaret was also thanked for her help during the year and for establishing and hosting the Rumikub group which is proving popular. Our next meeting is on Tuesday 5 April when the speaker

will be Julian Ellis of Southwell talking about Modern Day Materials.

GOOD LUNCH CLUB

With Easter being so early this year there will not be a lunch in April and we hopefully will start again in the Autumn.

Watch the Tatler!

To all the helpers who have given their time and energy thus making the lunches such a success for everyone my very sincere thanks - it wouldn't work without you all.

MORTON AND FISKERTON LOCAL HISTORY SOCIETY

Up until the Second World War most of the inhabitants of our two villages would have been employed in, or dependant on the Agriculture of the area. This is a feature which has almost disappeared from our immediate horizons apart from the occasional inconvenience of meeting a Combine Harvester on a country lane when we are in a hurry!

In order to redress the balance to some extent we are offering a glimpse into the lives of such former inhabitants of our villages at our meeting in the Morton Church Hall on Tuesday April 5th at 7.30pm. Simon Pawley will be taking on the task of putting the clock back, leaving us to do our usual listening and questioning. Members and visitors both welcome.
