## Hands up! Please help or contribute by....

Pledging an hour or two to help with set up, marshalling, helping on a stall or in the tearoom, with tidy up, and with litter-picking. Everyone is a volunteer and many hands really are needed.

Getting together with friends to suggest, organise and run an activity at the Fair - let us know what and how much space you need.

Sponsoring or asking your employer to sponsor the fair or one of the larger costs we need to cover such as the BBQ, beer and pop, entertainment, insurance, first aid, promotion.

Making a donation—every donation is welcome, large or small. Please use the QR code or website, or get in touch.

Offering other help, suggestions and useful contacts—perhaps even a special someone to open the fair!

### TOTALLY LOCALLY: made in Cannock Wood and Gentleshaw

We are very keen to celebrate what's made locally and there will be a special stall 'Totally Locally: made in Cannock Wood and Gentleshaw' where we hope to showcase locally made crafts and produce. We would be delighted to receive donations of locally made crafts and produce which can be sold as part of the fundraising effort. Alternatively if you prefer to sell your craft and produce under the 'Totally Locally: made in Cannock Wood and Gentleshaw' banner, you could apply online for a half or a full 6ft table to sell what you have made at a lower cost than a full size pitch. There is even a discount on full size pitches for local residents to help support our local community. *Please apply online if you can.*

Visit the Midsummer Show website for more information on  
sponsorship, advertising and donations or to apply for a stall.
